
Elective Procedure Financial Policy

We are happy that you have chosen Dr. Howard Brooks to see you today. It is our intent to provide you with an informative consultation in a friendly and comfortable environment.

Here at our facility we perform many elective procedures that are typically not covered by insurance or healthcare reimbursement programs. If you are here to speak to our doctor about an elective procedure we would like to inform you of our elective procedure payment policy. We find our patients appreciate knowing the payment options available to them in advance of the consultation.

A Cosmetic Consult Fee of \$200 will be applied at the first visit. This fee is a one-time charge which applies to all first-time cosmetic patient visits. During that first visit, you and the provider will discuss your medical history, explore options, establish expectations, and develop a treatment plan. This fee will be applied to future cosmetic procedures within a year from the date of your consultation. You will be given a cost-estimate for the anticipated procedures/treatments on the day of your initial consult.

In order to schedule a procedure and to secure your desired date, we must obtain a **non-refundable deposit**, which is determined based on the cost of the cosmetic procedure. The remaining balance of the fees will be due at the time of your visit. The deposit will be applied to your elective procedure; however, if the procedure is canceled for any reason, this balance is also non-refundable except in the case of documented emergency or medical disability.

Please be aware that under no circumstances does this office file insurance for elective cosmetic procedures. This applies regardless of participation in patients plan. Patient understands and accepts that this office will assist in providing a receipt of services rendered on day of surgical procedure. Payment in full is due for each visit. This office will accept the following instruments for payment of services rendered: Cash, American Express, Discover, MasterCard, Visa, and CareCredit.

Aesthetic Services

Please understand our Aesthetician works on commissions only. Therefore, a cancellation fee of \$50 will apply for any procedure cancelled by the patient within 48 hours of procedure. In appropriate circumstances, the cancellation fee may be applied to procedures rescheduled within 2 weeks.
